BUFF AND BLUE VICTORIOUS IN INITIAL GAME OF SEASON

Hamilton's Football Warriors Score Easy Victory in Defeating St. Lawrence 10 to 0.

St. Lawrence proved no stumbling block to Hamilton in the initial game of the season on Saturday, and the Buff and Blue came through with a 10-0 victory. The home team was on the offensive the greater part of the game and succeeded in making large gains through the Scarlet line. At no time was Hamilton's goal strongly threatened, and St. Lawrence failed to approach any nearer than the Hamilton twenty-five yard line.

The game was featured by many open plays and forward passes. Time after time Kaiser succeeded in shooting long passes to Lawler at end for substantial gains of twenty to thirty yards. Kaiser, also on several occasions, skirted the Scarlet ends and broke away for twenty-five yard runs. St. Lawrence relied for the most part on the aerial game, but were not so successful as the home team. Their passes were short and were easily broken up or intercepted by Hamilton's backfield.

Both teams put up a better brand of football in the first half than in the second. The initial period was full of snappy playing, but in the last half the oppressive heat of the day slackened up the play somewhat.

Hamilton outclassed the Northerners in every department of the game and the score would have been larger than it was but for unavoidable breaks in the game. The visitors succeeded in making only three first downs during the course of the game, and many times Captain Gorman broke through their line and threw the runner back for losses. Their defense was rather weak for the most part, and the backfield consistently hit their line for gains. Only once did their defense stiffen strongly enough to stop the Buff and Blue warriors. St. Lawrence's only ground gainer was a strong cross-buck directed against the left side of the line, and they used this play to good advantage in the first of the second half. Hamilton's delayed buck also accounted for many yeards, and Peck and Kaiser made big holes in the St. Lawrence line. The long forward passes of the Buff and Blue were big factors in putting them within striking distance of St. Lawrence's goal.

Score in First Half

Hamilton scored ten points in the first half on a touchdown and a field goal. The touchdown came after a minute's play in the second quarter. The ball was brought within two yards of the goal at the end of the first quarter, and on the first play of the next quarter Kaiser took the ball over for the first score. Hamilton's last score came a few minutes later in the same period. The ball had been advanced up the field fifty yards on two passes to St. Lawrence's five yard line. On the next play the ball was taken across the line, but an offside brought it back ten yards on a penalty, and from this position Captain Gorman kicked Hamilton's first field goal of the season. In the second half Hamilton advanced the ball to the four yard line, but the stiffened defense of St. Lawrence prevented a score.

Kaiser, at quarterback, directed Hamilton's attack in fine style, and his running and passing featured the game. Captain Gorman was the shining light on the line, and he proved a tower of strength both on offense and defense. Sheard proved St. Lawrence's principal star and was their most consistent ground gainer.

Hamilton won the toss and at 3:00 St. Lawrence kicked off to Hamilton. After failing to gain, Kaiser punted to Sheard, who fumbled and Clark recovered the ball. After a series of rushes Hamilton brought the ball to the thirty yard line. Gorman attempted a field goal but was unsuccessful, and the ball was St. Lawrence's on their twenty-yard line. The Scarlet was unable to pierce the Buff and Blue line and Sheard punted to Pape. Pape and Peck both made gains through the line, and Kaiser broke through on a cross-buck for ten yards. A few moments later Kaiser added twenty-five more on an end run and brought the ball to the two yard line, when the quarter whistle sounded. On the first play of the second quarter Kaiser took the ball over for a touchdown, and Gorman kicked the goal. St. Lawrence received the ball on Gorman's kick-off, but after making a down were forced to punt. A few line bucks brought the ball in striking distnce for another field goal. The ball was blocked on the attempt, and Gorman recovered it on the forty-five yard line. Two long passes from Kaiser to Lawler again advanced the ball to the five yard line. An offside play penalized the team after the ball had been taken across the line, and Gorman kicked a field goal from the twenty yard line. This finished the scoring and the ball was in St. Lawrence's possession on the thirty yard line when the period ended.

Second Half Ragged

In the second half the play was much more ragged and a great deal of loose playing resulted. Hamilton kicked off to St. Lawrence and the Scarlet started off strongly, using their center cross buck. After making one first down they were unable to

(Continued on page 4.)

TO HOLD ANNUAL FALL FIELD DAY

Soph-Frosh Baseball Game and Inter-Class Track Meet October 9.

FROSH MATERIAL, UNKNOWN

The annual Autumn Field Day will be held on Thursday, October 9. The Faculty have granted a half-holiday and the occasion will be bigger and better than ever before. Formerly Autumn Field Day was participated in only by underclassmen, but this year there will be an interclass meet on the cinders and men from all classes will compete. The events will start promptly after lunch and following the track meet, there will be a baseball game between the two lower classes.

There will be much competition for supremacy on the track and in the field events. It is not known just what material is in the entering class, but the three upper classes can all be depended upon to put good men in the field.

The following is the list of events: 100-yd. dash, 220-yd. dash, 440-yd. run, 880-yd. run, mile run, pole vault, high jump, broad jump, discus throw, hammer throw, shot put, and 120-yd. low hurdles. The two-mile run and the 220-yd. low hurdles have been omitted. Instead of the 220-yd. hurdles there will be a 120-yd. low hurdle race.

Wynkoop, '21, manager of Intramural Sports, has placed the entry list on the Chapel Bulletin Board and it is hoped that every man in College who possesses any track ability will enter this meet.

The classes of '20 and '21 will fight hard, as they both will enter a number of veterans. Capt. Couper, Kaiser, Peters, Rice, Thompson, and Morton may be looked upon as likely point winners from that class, while Van Kennen, Holler, Lawlor, Seaver, and McKenzie from the class of '21 will in all probability be point winners.

From the class of '22, Pope, Fletcher, Eckler, and Reeder are a nucleus of veterans, who will perform well.

Whether '23 has any ability or not, remains to be seen. They will be the Dark Horse in the meet. It is certain that they have some good material in their midst. The Warrens are both good field event men, and they, with the unknown material in the class, may be depended upon to give a good account of themselves.

If the weather remains clear this will be a big day at Hamilton and every man is urged, whether he enters or not, to be present and help boost his class team.

—Robb S. Mackie, ex-'19, has been promoted to the rank of captain in the United States Army. Captain Mackie is at present stationed with the 42nd U. S. Infantry at Camp Funston, Kansas.

COLLEGE DINNER HELD IN COMMONS

To Arouse Spirit for the St. Lawrence Game, Followed by Short Business Meeting.

ESTABLISH PRESS BOARD

The first college dinner of the year was held in Commons Hall last Friday evening as a "pep" rally for the St. Lawrence game. For the first time in the history of the College, the student body filled Commons to capacity. Prex sounded the keynote of the evening when he asked the students to remember that St. Lawrence, although a good enough old fellow, "perished on the gridiron." Steps were taken for the permanent establishment of a College Press Board.

The undergraduate body was called to order by "Baldy" Wood and a motion for the establishment of a press board to be under the control of the Executive Council was laid before the College by Couper, '20, representing Pentagon. In explaining this motion Couper stated that a press board had from time to time been active at Hamilton but had died out generally from lack of fuunds. The purpose of this board will be to advertise the college by sending out to the newspapers authentic reports of its doings, football games, etc., and to keep the people at home informed as to what the men from their town are doing in College. The board also intends to censor all news going from the Hill. The money for the support of this board will be procured from Elihu Root, who as chairman of the Board of Trustees has promised $200 for this purpose.

Kennedy, Press Leader

This motion was endorsed by the College and upon the recommendation of Pentagon, Booth Kennedy, ex-'19, was elected to head the board and carry out its work. On being called upon for a speech Kennedy made a sincere plea that the College establish some sort of a memorial for the men who sacrificed their lives in the war. He suggested that this memorial take the form of a scholarship to be given in the names of the men who gave their lives. He then made a motion, which was carried, to the effect that the Executive Council be empowered to establish some sort of a memorial for these men.

On a motion introduced by Bob Elliott, '20, the College empowered the Executive Council to appoint a committee to look into the matter of repairing the board walk below the arbor in order to assure better coasting during the coming winter.

A long yell for "Prex" brought Dr. Ferry to his feet. He commended Kennedy for his suggestion in regard to a memorial and stated that the Board of Trustees had already appro-

(Continued on page 5.)

CHANGSHA, CHINA

HAMLIN, '19, ARRIVES AT CHANGSHA, CHINA

To Take Up Duties as Instructor and Hamilton Representative in Far East

TELLS OF TRIP

Hamilton's Educational Representative in China, Paul M. Hamlin, has reached Changsha, the sea of Yali, the institution at which he is to be an instructor, and commenced his labors. Letters received from him while in transit contain much of interest to the students of the college which is supporting him as does a letter of thanks from Yale University.

Writing from San Francisco, shortly before sailing, he describes the wonderful country that he has traversed to reach the Pacific. His route carried him into Canada, through Saskatchewan, Alberta, and the rolling wheat laden plains of Calgary. Through the Canadian Rockies to Banff, Lake Louise, Vancouver, Victoria, he turned south to Seattle, Portland and then through fruit and grain lands to San Francisco. In closing a long description of the magnificent scenery he writes:

"I want to be sure and thanks the fellows for their great support in sending me to Changsha. It is a wonderful field for educational work. You may rest assured that I will work with all that is in me and will always keep the fact that I am Hamilton's personal representative, foremost in my mind."

During the summer, Dr. Wood received a letter from Yali, directed through him to the students of Hamilton, from Dr. Edwin D. Harvey, the secretary of Yali. He states in part:

"It would be difficult for me to overstate the pleasure we all feel at the thought that at last some other college is going to join in with Yale in this work for civilization and humanity. We assure you of our deep appreciation of this cooperation. The thought that a group of Yale men were in Asia standing for the high principles of Mother Yale has been of service in the life of the Yale undergraduates. May this be true of Hamilton boys as well."

—Rushmore R. Valentine, '19, is connected with the Chandler Motor Company, Cleveland, Ohio.

—Frederick Hastings Smyth, '09, is secretary of the Clinton Metallic Paint Company, Clinton, N. Y. He was formerly instructor of chemistry at M. I. T.

—Albert H. Pierce, '19, entered M. I. T. during the summer to study architecture.

—John N. McMath, ex-'10, is advertisement writer for N. Y. Ayer & Son, 300 Chestnut St., Philadelphia, Pa.

—Frank E. Felt, ex-'09, is manager of the Traylor Truck Company at Allentown, Pa. His address is 135 North East Boulevard, Philadelphia, Pa.

DON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a W D C Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you go to any good dealer and select several good shapes. Put them in your rack. Smoke a cool one every time, and you'll be well on your way to pipe-happiness.

Cornell University Medical College

IN THE CITY OF NEW YORK

Admits graduates of Hamilton College presenting the required Physics, Chemistry, Biology, English and a Modern Language.

Instruction by laboratory methods throughout the course. Small sections facilitate contact of student and instructor.

Graduate courses leading to A. M. and Ph. D. also offered under direction of the Graduate School of Cornell University.

Applications for admission are preferably made not later than June. Next session opens September, 1919.

For information and catalogue, address THE DEAN,

CORNELL UNIVERSITY MEDICAL COLLEGE,

Box 432, First Avenue and Twenty-eighth Street, New York City.

Albany Law School

The course of study leading to the degree of LL.B. extends over a period of three years. Students who have pursued one or two years in a law office may enter the second year class as a candidate for a diploma, but not a degree.

The high standard of the school and the facilities which the city affords with its legislature, courts and library offer unequalled opportunity for a thorough and practical training. J. NEWTON FIERO, Dean.

University of Buffalo

MEDICAL DEPARTMENT (Co-educational)

Entrance Requirements: Two years of college work, including Physics, Biology, Chemistry (Inorganic and Organic), English, and a modern language.

Laboratories fully equipped. Students have ample facilities for personal study of cases. Only medical school in a city of nearly 500,000 population. Positions as internes in hospitals for all graduates.

Full information will be given on application to the Secretary, 24 High St., Buffalo, N. Y.

Hamilton-in-China

Elsewhere, in this issue, are printed extracts from letters written by Paul M. Hamlin, telling of his journey to his duties as Hamilton's Educational Representative in China. Though it is impossible because of lack of space to publish all his letters the parts that are given are enough to make any Hamilton man proud that his College is doing its share in the education of the Far East. Yale's name is a power in China and now that we have linked Hamilton's with the pioneer of this movement, we will gain enormously in recognition throughout the educational world.

Unfortunately no enterprise however great can exist without funds. When the appeal was made last spring to the student body the response was immediate. Some, there were, who did not pledge, but the amount raised was practically that which was agreed upon as being necessary. However, since spring, due to the rise in the value of silver, the monetary unit of China, the American gold dollar has decreased in value in that country. Living expenses have doubled in the Orient as well as on this side. Those who felt unable to subscribe, at the time, should do so now. Those who feel able to increase their subscription should do so. It is an undergraduate enterprise and the alumni are not to be personally solicited. But no dollar that they may wish to send in will be wasted. The entering class has pledged over three hundred and fifty dollars. Those who have re-entered college after service for their country will shortly be approached. Hamilton has never fallen down on anything that it has undertaken and will not do so now.

* * *

Join the Y. M. C. A.

Under the leadership of President Johnson, the Campaign Committee of the College Y. M. C. A. is preparing to launch its membership rally. Needless to say, the college owes its heartiest support.

The Y. M. C. A. fills a place in college life that no other organization can hope to fill. It provides a social center for many of the activities that are carried on on the Hill. Its Freshman Reception is one of the things that all incoming men look back to as one of the bright spots in the first days of their college life. The pool table of the Y. M. C. A. is in constant use. All these things take money, as do the plans of the House Committee, which carry with them new furnishings and more pleasant conditions for unattached men on the Hill in the future.

The need is great. Join the Y. M. C. A. when it asks for your support.

BUFF AND BLUE VICTORIOUS

(Continued from page 1.)

gain further, and the ball went to Hamilton on downs. An intercepted ball by Sheard gave St. Lawrence the ball, but they were soon forced to punt. A sensational end run by Kaiser and a twenty-five yard pass brought the ball again to the visitors' goal. But Hamilton was unable to put it across and lost the ball on the four yard line. The remainder of the game resulted in each team trying to gain by the forward pass, and neither team was able to come within scoring distance. The game ended with the ball in possession of St. Lawrence on their own forty-five yard line.

During the halves the third and fourth Hamilton teams battled for supremacy, but neither was able to score.

The line-up and summary:

Hamilton, 10.	St. Lawrence, 0.
Clarke, re.	Carrol, re.
Gorman, Capt., rt.	Keegan, Capt, rt.

Substitutions: Reeder for Peck, Welsh for Clark, Fowler for Bolenius, Osgood for Reynolds, Seaver for Kaiser, Pitkin for Pape, Campbell for Johnson, Plants for Reamon, Atwood for Carroll.

—James D. Seaver, '17, who has been recently discharged from the air service, is at home at 1063 85th St., in Brooklyn, N. Y.

—James D. Meeker, '07, is County Secretary for the Y. M. C. A. of Suffield County, N. Y. His office has recently been changed from Port Jervis to Pachogue.

—Louis N. Brockway, '17, is on the advertising staff of Scribner's Magazine. At present he is located in New York City.

MUSICAL CLUB LEADERS MAKE PLANS FOR SEASON

Peters Holds Tryouts for Quartet Positions Vacated by Ferguson and Stone.

PLAN CHICAGO TRIP

Although it is still very early, thoughts are again being turned toward Musical Clubs. Already there has been a tryout to fill the places made vacant by the graduation of Ferguson and Stone of last year's fame. As yet Leader Peters has not decided on the two new men but is confident that he will be able to find the kind of material he is searching, judging by the interest the men are showing.

To be sure, nothing has been done with the Clubs themselves thus far this year but during the summer months Leader Turner of the Instrumental Club and Leader Peters of the Glee Club have been "doping out" their plans for the coming season. It will be remembered that last year Hamilton had Musical Clubs of which she was justly proud. The concert tour took in New York City and a great number of cities and towns in the immediate vicinity. Week-end trips were also made to Oneonta and Binghamton. Manager Kneeland, in making up his report, finds that in every instance the Clubs did themselves justice and that the season as a whole was a great success.

For the coming season, Manager Kneeland hopes to have a concert schedule which will include Chicago and its environs but nothing definite can be decided upon until later in the year. At any rate, the motto will be "Better than ever," and it is largely up to the men of the college to make the Clubs of this year the best that Hamilton ever put over.

ADDITION TO LIBRARY

The college library has been enriched by the recent gift of Joseph T. Tompkins, '57, of 120 volumes from his library, including a number of valuable Civil War letters and papers of Maj. Gen. Alexander Shaler, U. S. A. The gift includes a Historical and Statistical Account of Nova Scotia in two volumes, published at Halifax in 1829, and various publications of Hutchinson's History of Massachusetts Bay, especially the 1760 and 1795 editions. An oil portrait of Mr. Tompkins, who served during the Civil War as captain in the 6th Regiment of New York Field Artillery, is also included. He has for many years resided in Hillsboro, New Brunswick.

Dr. F. W. Putnam of Binghamton has also added several boxes of books to his already extensive gifts to the library. During the summer several hundred new books on general subjects were purchased by the college and added to the stacks.

—Bruce Shields, '17, is with the Carnegie Steel Co., located in Pittsburgh, Pa.

—Arthur B. Bernard, ex-'12, is in the leather merchandising business, located at 111 Lincoln street, Boston, Mass.

—Thomas W. Trout, ex-'13, is an investment broker at 414 Deforest Ave,. Oak Park, Ill.

Spice o' Life

Weakly Pome

"Gee, I'm glad I came to college,"
Said a "slimer" lad one day;
"Cause I didn't come for knowledge,
Just to pass the time away.
There' no chapel in the morning,
And our breakfast comes at noon,
And there's never any warning
That gets us up too soon.
All our classes are so rosy,
Oh, the Profs are simply grand;
Class-room chairs are soft and cosy,
And I cannot understand
What the college man is saying,
When he tells of courses hard,
For our year is filled with playing,
Holding work in disregard.
Even Sophs and Frosh are chummy,
And one fact I won't forget:
A "slimer" isn't scummy
If he bums a cigarette.
But just then I heard her sweeping,
And my bed-room door slammed shut,—
That's what comes from over-sleeping,
D—n it all, I'm over-cut."

Things to Wonder At

Now that Cal and Coonradt are back in college Lit. should have a prosperous year.

A "Slimer" came up to Cairns on the Campus and asked him to room with him.

Cal says he doesn't want any "bull" in his classes this year.

Paton: "What do you call a fellow who drives a car?"
Larned: "That depends upon how close he comes to hitting me."

Maclay: "Your face looks mighty familiar."
Visitor: "Oh, I tend bar in Utica."

Peck: "My face is my fortune."
Wynkoop: "Then it is no disgrace to be poor."

Barry: "I passed your house yesterday."
She: "Oh, thank you so much."

Shimmy Sam says that the only place you can find oasis is in the dictionary.

In Bugs' Lab

Green Slimer: "What are you cutting that worm in two for?"
Beamish: "It looked lonesome."

Moore Barry Comedy

Barry: "Why does a bottle smoke?"
Moore: "The slower, the faster." (Deep one.)

Chips from Rocks

Rocks: "This is a fault in Argillaceous Limestone."
Seaver: "It isn't my fault."

—President Ferry spoke Monday evening in Canastota before the Fortnightly Club. His subject was "The Decline of Discipline in the Home and School."

There will be a meeting of the Commons Committee today at 5:30 in the Y. M. C. A.

COLLEGE DINNER HELD

(Continued from page 1.)

priated the necessary funds for a bronze tablet bearing the names of Hamilton's sons who made the great sacrifice. This tablet will be placed in the Chapel. He added that the photographs of these men, with two exceptions which are now sought for, have been collected and will be framed and hung in a conspicuous place in the College.

Dr. Ferry also heartily endorsed the Press Board and ended his speech by a rousing appeal for victory over St. Lawrence.

"Bart" Gorman, '20, captain of the varsity, made a speech demanding the active support of the undergraduate body for the team. Coach Prettyman earnestly seconded Gorman's appeal for united spirit and expressed his pleasure at having such a large number of men out for the team.

The meeting was closed by a double long yell for the team and the singing of Carissima.

CLUBS ORGANIZE

None of the various clubs such as the German, French and Chemistry Clubs have organized for the coming year as yet. But the German Club will hold its first meeting Friday evening and it is planned to continue with the study of the modern dramatists from where it stopped last June.

The Chemistry and French Clubs will probably begin holding their regular meetings in a few weeks. The Jabberwocks, organized for the purpose of reading contemporary authors of repute, will take up its work again in one or two weeks.

—James H. Parlon, ex-'21, has entered Colunbia University.

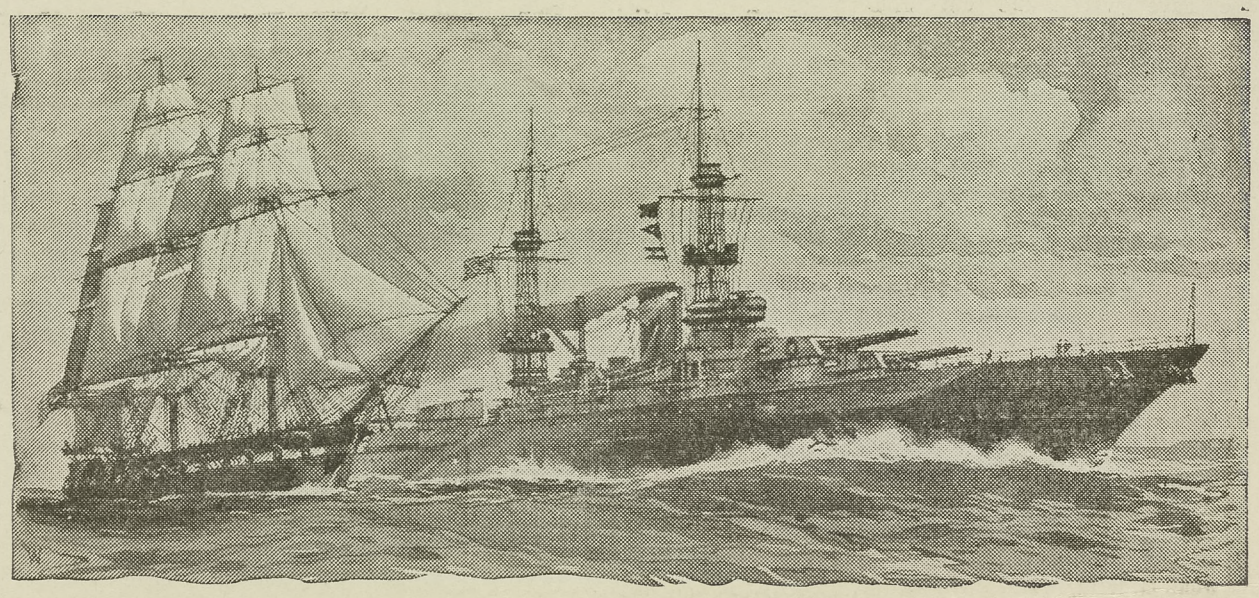
Succesor to W. Palmer W. Park Row



The "Constitution" of To-day—Electrically Propelled

THE U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the best turbine-driven ship that preceded her.

Figures that tell the Story of Achievement

Length—624 feet
Width—97 feet
Displacement—32,000 tons
Fuel capacity—a million gallons (fuel oil)
Power—28,000 electrical horsepower
Speed—21 knots

The electric generating plant, totaling 28,000 horsepower, and the propulsion equipment of the great super-dreadnaught were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress. Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and many other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.

An illustrated booklet describing the "New Mexico," entitled, "The Electric Ship," will be sent upon request. Address General Electric Company, Desk 44, Schenectady, New York.

Carpe Diem

Safely we passed through the opening week without anyone putting poison in the Shredded Wheat or sand burs in the bed, so we will embark on the weekly barks once again.

Chi Psi Notes

By their leather coats ye shall know them.

The Lodge has bars on one of the windows. Must be a zoo.

Rushing season is over, Brother Sicard is now seen on the campus.

Every Vote Counts, Men

We have just found out what Brother Cobb does during his spare moments. He poses for these pictures appearing in "Life," not Hamilton Life, depicting the worthlessness of the idle rich.

Chair Warmers News

James Thompson, ex-'17, ex-'18, and now '20, was in college six weeks last year, and overcut. Tomper just had to have some hours back. Same James Thompson came back to college ten days early to take a make-up exam. in Spanish, and never even got a book.

This is subtle stuff: They are going to enforce the prohibition law so stringently now that it will take your breath away.

Did you ever notice how these minister's sons cut up when no longer under the parental wing. Take Bob Craver for example. A very bad boy, knows the yells, Reba Briggs, and where to obtain barrel drippings in Utica. College sure does develop a man.

Sigma Phi Corner

Shades of Phil Jessup, the chapter is going to hell. Five underclassmen were at the Clinton dance actually enjoying themselves in that plebian society. Never would have been tolerated in ye olden days.

Tom Pope the other day swore that he never would get dressed up again this term, and the next day appeared in a stiff collar. One thing which we always admire in Tom is the precision with which the hair is parted.

If you ever want to think that you are funny, just talk to Bob Williams. After every remark, Bob methodically drops his lower jaw and gives three grunts, which is his way of signifying merriment.

Words of the Department

C. L. Lewis: "The War Camp Community Service is the only branch of war work which has received no criticism. In Philadelphia they did wonderful work. I was head of the department in that city."

Tip to Freshmen: C. L. Lewis is not to be called Doctor. It's just like waving a red flag in a bull's face. Somehow we just cannot disassociate Cal and bull.

One of the most cheerful sights around the campus is the jovial face of Dean Fuller. This animated creature has been known to smile. Anyone seeing that phenomenon repeated should carefully draw a red circle around that calendar day. At present writing, Dean has all the physical characteristics of a successful undertaker.

Come from the Weeds

Van Kennen: "Are they playing the World's Series in New York today?"

About the cheapest feeling in the world is to call on a girl, and have her talk about a $2 show that is in town that night, and to which you are not going.

Carpe Diem, Juan, Crape, Crape.

Doctors Prescribe John's Cascara Compound Tablets for Constipation

They have been prescribing them for years. Ask any prescription clerk... **John's Cascara Compound Tablets** are the ideal agent for overcoming habitual constipation. IDEAL because they contain no irritating cathartics which apply the whip to the intestines, weaken the system and end by aggravating the very condition they were intended to relieve.

The gentle, thorough, laxative effect of Johns' Cascara Compound Tablets is due entirely to Johns' concentrated and refined extract of Cascara Sagrada, the "sacred bark" of the Aztecs, who knew its value in correcting constipation—the source of so much sickness and discomfort.

They relieve flatulence, nausea, vertigo, water brash, constipation and loss of appetite. They remove greasiness and sallowness of the complexion. They are a most efficient remedy for bilious attacks and sick headaches.

A Johns' Cascara Compound Tablet taken at night insures in the morning a natural and complete evacuation of the bowel contents. The continued use of Johns' Cascara Compound Tablets can be nothing but beneficial. Price, 25 cents.

On Sale at All Druggists

RICHARD W. KAISER,
Senior President.

RICHARD W. KAISER, NEW ROCHELLE, PRESIDENT

Of Senior Class—Sidney Eddy of Albion Chosen as Vice-president.

MERITT, SECRETARY-TREAS.

At a meeting of the Senior Class during the past week, Richard Wagener Kaiser of New Rochelle, N. Y., was elected President, and Sidney Eddy of Albion, N. Y., was chosen Vice-president. Benjamin Dean Meritt of Vernon, N. Y., was picked as Secretary-Treasurer.

The men are all very prominent in college affairs. Mr. Kaiser is Manager of Charlatans and has been prominent on the Football and Track Teams and on the Musical Clubs during his college course. Mr. Eddy is a former member of 1918 who was in service and was overseas with a French ambulance organization. He was among the first to leave after the entrance of the United States in the war. He received the Croix de Guerre from the French for bravery under fire. Mr. Eddy has also been prominent in Musical Club affairs.

Mr. Meritt is Editor-in-Chief of Hamilton Literary Magazine, was Associate Editor of the 1920 Hamiltonian, and is Business Manager of Hamilton Life.

UNION SCHEDULE

"Sol" Metzgar Coaches Team for Difficult Season of Football Warfare.

Besides the Hamilton game at Clinton on November 15th, Union will play: Williams at Williamstown on October 4, Amherst at Schenectady on October 11, Hobart at Schenectady on October 18, Wesleyan at Middletown on October 25, Columbia at New York on November 1, N. Y. U. at Schenectady on November 8, and R. P. I. at Schenectady on November 22. "Sol" Metzgar has charge of the varsity squad and Wilfred Rosekrans, captain of 1916 varsity, will coach the freshman team.

All Freshmen and Sophomores, planning to tryout in competition for Life report to Competition Editor Martin at Alpha Delt House today at 1:10.

FACULTY MEMBERS ENJOY VACATIONS

In Various Ways—Scatter to all Parts of Country in Search of Restful Quiet.

SOME REMAIN IN CLINTON

Engaged in every occupation from "having a nice time" to remodelling a house, in every locality from Hudson Bay to Tennessee and from the Atlantic Ocean to Indiana, the faculty of Hamilton College spent its vacation. It's members all returned refreshed and have taken up their chosen occupations once more with renewed vigor.

The busiest men of the faculty were Prex, Little Greek, Bugs, Davvy, Cal, Bibs, Bonham, and Shirley, while the rest spent their time in restful occupations, particularly Brownie, who spent his "loafing", because he didn't have anything else to spend."

Prex Ferry took a short trip to Canada along the Mohawk Trail, but was pretty busy at home getting ready for the fall term. Bibs was the only other professor engaged in his college duties. In fact he only took off enough time to attend various library conventions at Asbury Park and at Dartmouth College.

Bugs Morrill, while not actually engaged in doing work for the College, was busy doing biological work around Clinton, especially investigating the pine tree blight.

Davvy was busy as usual with his political duties, seeking ever the elusive vote. It is rumored that while on his tour of the State he made quite a hit with the newly enfranchised voters.

Cal, as everyone knows, was busy in Philadelphia with the War Camp Community Service, while Dr. Bonham was engaged as a professor in Peabody College for Teachers, Nashville, Tenn., and the baby of the faculty, Assistant Shirley, was busy on the advertising staff of the Poughkeepsie Courier.

Schnitz, Stink, Chubby, Rocks, Bull Durham, and Little Greek, spent most of their time in Clinton, although Stink and Rocks are known to have spent some time in Canada. Little Greek had charge of remodelling Emerson Hall.

The rest of the faculty were away for some time, in fact, several were strong for the back-to-nature stuff and spent their time camping. These were Supe, Coach, Bill Shep, Pills, and Baldy. The latter was camping on Fourth Lake in the Adirondacks, and Supe was up in the same mountains camping and fishing. For what, we wonder? Prettyman was in a boys' camp on Bantam Lake, Conn., Shep was camping on Lake Sebec, Me., and Pills was camping in the mountains.

Trot spent his vacation visiting, at one time going as far west as Richmond, Ind. Flatfoot did some pretty good travelling, too, his letters being addressed at various times to Connecticut, later to Ohio, and again to the woods.

Bob Rudd spent his time in bad New York, and "P. A." Fancher was not far away in Glen Cove, L. I. Murphie stayed in Springfield, Mass., and Ca-Russo was resting from the war and just "having a nice time."

ON HAMILTON'S SCHEDULE

At Amherst—Amherst 2, N. Y. U.0.
At Troy—R. P. I. 7, Hobart 0.
At New Haven—Yale 20, Springfield 0.
At Syracuse—Syracuse 27, Vermont 0.
At Williamstown—Williams 23, Union 0.

INTRAMURAL DEPARTMENT PLANS TOURNAMENT

Over Forty Men Sign up for Annual Play in Tennis Championship

MANY FROSH ENTER

The Intramural Department has arranged for the usual fall tennis tournament and 40 men have signified their intention of being this year's college champion. This is an unusually large number of contestants and the Department is to be congratulated on the efficient manner in which the tournament is being run off. Several of the matches have already been played and it is hoped to complete the tournament in the course of a few weeks.

Stone, '19, former college champion, has been graduated but there are several men who seem to be capable of filling that position. Ives, '20, Paton, Finnegan, and Coupe, '21, are all excellent players and rumor has it that the Freshmen have some championship material.

Thursday afternoon will be given over to the Inter-Class Track Meet, which is always held in the fall. A baseball game has also been arranged between the two lower classes for that afternoon. This is not only to give the "slimers" an opportunity to show their superiority over '22, or vice versa, but alto to let Coach Ziel see what sort of material there is in the incoming class for the varsity in the spring.

COLLEGE BULLETIN

November Issue to Contain Service Records of All Hamilton Men During Great War.

The November issue of the Hamilton College Bulletin will contain an account of the service records of all Hamilton men during the war. There are still four or five undergraduates who have not handed in details of their war experiences. If they do not report to the President's Office at once, it will be too late to insert their histories in the Bulletin. The material for the November issue is about to go to press.

The annual Catalogue with the usual contents and last year's honors will be printed in the December issue of the College Bulletin. The scholastic records of the year 1918-1919 are now being compiled and will be announced as soon as the Committee on Scholarship has completed the strenuous job.

NEW YORK TEAM VERY POWERFUL

Shows Strong Attack, Although it Meets Defeat in First Game of the Season

BUFF AND BLUE AT WORK

Hamilton's opponent for this week, New York University, lost its opening game to the Amherst eleven. It is difficult to draw any conclusions from the game however. If the heat at Amherst was anything like that experienced at Clinton, neither team could possibly be at its best.

It is true that the Buff and Blue won her first game whereas New York University lost. It must be taken into consideration, however, that the metropolitan team was defeated only by the small score of two to nothing, and that when all facts are carefully taken into account that Amherst was really outplayed and won only through a fluke of fortune.

The only score of the Amherst-New York University game was made in the first quarter. It came when Captain Cann of N. Y. U. missed a pass and the ball rolled over the line giving Amherst the two points by which she won. For the rest of the game, New York University gained steadily but always at the last moment failed to carry the ball across her opponent's line.

Cann, a Star

The Buff and Blue will find strong opponents in Captain Cann, a veteran player, now in the position of quarterback, and in Mooney and Horrigan, playing left half and fullback respectively. These three formed the nucleus of a smashing attack in the game of last Saturday that netted substantial gains through the Amherst line. Another feature of the game was the amount of passing done. N. Y. U. tried several forward passes in the first half, but with little success. In the last half she tried many passes and gained fifteen or more yards on all but one, according to the New York Times of Sunday.

The St. Lawrence game Saturday was not only a victory for Hamilton but it was also a demonstration to Coach Prettyman of both the strong points and the weaknesses of the Buff and Blue eleven. In spite of the terrific heat the team stood up well and managed to keep the score with the right side up. With a week of practice in which to correct the defects exhibited Saturday and to strengthen the strong points, the outlook for the coming game should be very bright.

The deaths of the following Hamilton men have been reported since the last publication of **Life** last June:

1869 Delinton W. Greenfield of Rome, July 2, 1919.
1868 Myron G. Willard of Mankato, Minn., Sept. 22, 1919.
1872 Edward G. Love of New York, Sept. 12, 1919.
1876 William P. L. Stafford of Los Angeles, Cal., Sept. 18, 1919.
1913 Edwin H. Simonds of Carthage, June 16, 1919.
1920 John R. Mengerink, Jr., of Rochester, Sept. 13, 1919.
